SERVOMEX BUSINESS ACTIVITIES IN RUSSIA, BELARUS AND UKRAINE

Dear Customer

Given the on-going situation in Ukraine, Servomex has taken the decision, with immediate effect, to pause all trading with Russia, Belarus and Ukraine.

As an ethical company with strong company values, we believe this is the correct decision and we hope that you, as our customer, will understand and respect the decision we have taken.

Our thoughts are with our colleagues, customers and suppliers who are caught up in this conflict.

We will keep this decision under review as the situation in Ukraine develops and will provide further communication when our position changes.

Yours faithfully

Andy Cowan
President
